

HELEN SANDERS

**Managing Dental Trauma in Paediatric Dentistry:
Big Challenges in Small Patients**

DON'T FORGET YOUR
CHRISTMAS JUMPER!

SYNOPSIS

The session will explore the complexities of diagnosing and managing dental trauma in children, focusing on both primary and permanent dentitions. Attendees will gain a clear understanding of acute trauma assessment, classification and management protocols, and the latest updates from the 2020 IADT guidelines. The lecture also highlights the potential long-term sequelae of trauma and the importance of a structured approach to care in paediatric dentistry.

ABOUT THE SPEAKERS

Helen Sanders is currently working as a Consultant in Paediatric Dentistry in Nottinghamshire Community Dental Services CiC.

She qualified in 1998 from Newcastle upon Tyne, and has been based in the East Midlands for the majority of her career, with posts included working as both a dental officer and senior dental officer in Derbyshire CDS, and as an SHO in the Maxfax department of the QMC. She completed her MSc in Paediatric Dentistry at UCL, then completed her specialist training in Paediatric Dentistry at Birmingham Dental Hospital and Birmingham Children's Hospital, and completed her Consultant training in Leicestershire CDS CiC and Birmingham Dental Hospital. Her previous roles within the region have included Branch President of the East Midlands BDA Branch, and Secretary of the Midlands BSPD Branch. She is currently the Chair of the East Midlands MCN in Paediatric Dentistry. She has a particular interest in treating medically complex children, and providing treatment under GA, along with her role as paediatric dentist within the Trent Cleft team.

AIMS

- To provide an overview of the management and sequelae of dental trauma in paediatric patients

COURSE OBJECTIVES

- Understand how to assess a patient with acute dental trauma
- Be aware of the classification, management and sequelae of dental trauma to the primary and permanent dentition
- Recognise the changes to trauma management in the IADT 2020 guidelines
