

SEAN ERWOOD

Dentaid: Dental Charity in the UK and Abroad

SYNOPSIS

Dentaid The Dental Charity helps people at risk of health inequalities who've been living with the misery of toothache and restores their self-esteem by giving them more confidence in their smile. Our mobile dental units travel the country visiting soup kitchens, hostels and community centres with volunteer dental professionals providing dental treatment and oral health advice. We support people experiencing homelessness, survivors of abuse, families living in poverty, vulnerable women, refugees, cancer patients, and communities where vulnerable people are struggling to access dental care.

Dentaid also runs overseas projects[9] aimed at delivering dental care to poor and remote communities in Africa, Asia and South America. They supply equipment, fund outreach projects, and offer UK volunteer dental professionals opportunities to work alongside local teams. This enables clinicians to deliver care in areas where people have no other access to treatment, running dental clinics and oral health programmes in communities worldwide. Dentaid's projects operate in schools, prisons, orphanages, refugee camps, rural clinics, and regions facing poverty. Sean has been the corporate fundraiser for Dentaid for a year and has 8 years of previous fundraising experience.
